

Week 3

Other Security Models

Other Security Models

- Biba model (1977)
 - Focus on integrity
 - Basic structure is similar to BLP
- Clark–Wilson model (1987)
 - A practical integrity model, aiming at commercial rather than military applications
- Chinese wall model (Brewer and Nash, 1989)
 - Developed for commercial applications in which conflict of interest (COI) may occur
- Task-based authorization control (TBAC) model (Thomas and Sandhu, 1998)
